

Defensive Driving and Autocross *Saturday MAY 10th, 2008*

Wisconsin Section - MBCA Regional Driving Event at State Fair Park, West Allis (Milwaukee), WI
 Enter at Gate 5 on S. 84th Street south of I-94 *Reservation Deadline May 1st. SEND IT NOW!*

Many first time participants are understandably concerned about wear & tear on their car or think this will be a race. The maneuvers you will learn are all within the capability of the vehicle. The idea is to make you aware of that. It is not a race. The speeds involved are quite low and nobody is going to make you drive fast.

Nancy Pearson and Bill Sirny, Co-Chairpersons

7:30 REGISTRATION

8:00-12:00 DEFENSIVE DRIVING

The purpose of this activity is to increase driver awareness and confidence in dealing with emergency situations. A brief classroom session will be conducted on the principles behind emergency maneuvers and driving techniques. After that, with one-on-one defensive driving instruction, we will use several mini courses to practice maintaining car control. Participants will use their own cars.

Frank and Mary Alice Cozza, MBCA's nationally acclaimed driving instructors will direct this all-day event. Certificates will be issued on completion. Members, associate members, and their families (including teenage drivers) are all encouraged to attend.

You won't be bored. There is lots to see and do. There are many volunteer positions needed during the running of this event. Participants will be asked to volunteer for track duties when they are not scheduled to be driving.

LUNCH A box lunch is encouraged and available with advance order. Please specify your choices on the next page and submit with your registration. Additional box lunches for non- drivers can be ordered, as well. This is a convenient way to stay on the grounds and get the maximum driving time.

1:00-5:00 AUTOCROSS

An autocross is a low speed event on a course designated by pylons. The objective is to traverse the course as quickly as possible without striking any of the pylons. Instructors will be available for practice and timed runs. Prizes will be awarded for the best times in various classes of cars. Helmets are highly recommended but not required for the event.

Prepare your vehicle in advance. Empty out the trunk and anything loose in the interior. Have tire pressures set (cold) to factory-specs and make sure lug nuts are correctly torqued. Obviously you want your car in good condition. There will be a brief tech inspection to look for possible vehicle defects that may affect your safety.

Please see our web site, www.mbca-wi.org or contact Nancy Pearson npearson@wi.rr.com or call 262-782-7960 for additional info.
